INSTRUCTOR BIO

I am an

ECON3818: Introduction to Statistics

This foundational course is essential to your success in the study of economics. CU economics 4000 courses require knowledge of basic statistical reasoning and understanding. Further, our econometric courses build directly off this course.

COURSE OBJECTIVES

By the end of the course you should be able to:

1. Describe data with graphs and with statistical tools.
2. Identify probability distributions.
3. Conduct hypothesis testing.
4. Conduct statistical inference.
5. Identify which test to use in which case.
6. Run and interpret a simple linear regression.

COURSE PREREQUISITES

Requires prerequisite courses of ECON 2010 (Principles of Microeconomics) minimum grade C
AND either ECON 1088 or MATH 1081 or MATH 1300, MATH 1310, or APPM 1350 (minimum) grade C
Restricted to students with 2280 units completed.

REQUIRED COURSE MATERIALS

Textbook (required) Moore, D., Motz, W. and Fligner, M., The Basic Practice of Statistics, 10th edition.
With Achieve Macmillan. ISBN: 9781319344634

You need the version with Achieve since Achieve will be used for homework and quizzes.

You may also buy a hard copy of the book (ISBN: 9781319408541), but this is not required.

Day 1 Digital Access: To keep the cost of your course materials as low as possible and access to those materials as convenient as possible, we have collaborated with the CU Book Store and the publisher to deliver those materials

ECON3818: Introduction to Statistics

Course Website <https://canvas.colorado.edu/> (Canvas) Grades and any further additional readings will be posted on Canvas. Please check Canvas frequently for any relevant notifications/changes that may occur throughout the course.

SUPPLEMENTAL MATERIAL

You will use R, free statistical package to conduct statistical analysis.

INSTRUCTIONAL METHODOLOGY AND DELIVERY

This course is delivered via distance education format using the Canvas system. This format will use a combination of readings, online discussion, and other web-based resources. You will interact with the instructor and other students using the communication functions provided by Canvas. You will submit assignments in accordance with the course outline using Canvas. You will also have access to Achieve from the MacMillan Learning catalog.

EVALUATION AND GRADING

Course grades will be determined by the completion of assignments, exams, and discussions, as shown below:

Assignment	Points per Assignment	Frequency	Points	Grade Percentage
Problem Sets	25	10	250	25%
Quizzes	20	10	200	20%
R Exercises	20	7	140	14%
Discussions	20	4	80	8%
Proctored Midterm Exam	150	1	150	15%
Proctored Cumulative Final Exam	180	1	180	18%
TOTAL			1000	100%

Keep a copy of all work created for the course, including work submitted through Canvas

*The lowest grade of these assignments will be dropped. See below.

COURSE GRADING CRITERIA

Grade

ECON3818: Introduction to Statistics

Problem Sets (250 POINTS) There will be (eleven) 25-point exercise associated with most modules.

- x Problem Sets consist of quantitative questions where you will complete questions while showing your work. Problem sets will be on Achieve
- x Your lowest one (1) Problem Set will be dropped from your final grade calculation.

Quizzes (200 POINTS) There will be quizzes associated with most modules each worth 20 points. The format of the quizzes will be multiple choice, calculations, and short answers and will be open book and open notes. Your lowest one (1) quiz will be dropped from your final grade calculation. Quizzes will be submitted through Achieve

R Exercises (140 POINTS) There will be seven 20-point R exercises

- x R exercises complement the material studied in class with coding tools to run the same analysis in R. R Exercises sets will be accessed through Canvas and you will have to scan your completed problem set in order to submit the exercise on Canvas.

Discussions (80 POINTS) There will be four 20-point discussion postings

- x The discussion will occur asynchronously; I will post discussion questions and you will respond to the questions at your convenience prior to the due date. Discussions are open book and open note and will be submitted through Canvas. See the class schedule for due dates of posts and comments.

Exams (330 POINTS) There will be two (2) exams. The proctored midterm exam is worth 150 points and the proctored cumulative final exam is worth 180 points. The format of the exams will be multiple choice and calculations and will be closed book. The exams are completed on Connect in a proctored setting.

This course requires proctored examinations. Exams are proctored which will require planning on your

2. With Proctorio or a comparable online proctoring service as determined by your instructor. Online proctoring is a service that uses a webcam and microphone to ensure academic integrity. To use this service, you must have access to a computer with a webcam and a microphone. There will be a cost for using the online proctoring services.
- x Note that you are required to have a computer with a functioning webcam and microphone or have access to a computer with a functioning webcam and microphone to complete your exams.
 - x See Canvas for detailed information about proctoring. If you are in a rural area or on a military base, you may need approval process.

EXTRA CREDIT

There may be 30 points of extra credit available (3% of the course grade).

- x Extra credit may be available during the semester for completing certain activities, such as listening and commenting on a podcast solving practice exams. These extra credit opportunities will be determined by the instructor and announced on Canvas.

COMMUNICATION

I am nice and want you to succeed. Do not hesitate to contact me about anything.

E-mail: sara.avila@colorado.edu

- x **Please remind me of what course you are taking.** Since I teach several courses, I forget what course you are taking, especially at the beginning of the semester.
- x I will respond to email within 1-28 hours, but usually within 2 hours. I always respond to emails. If you have not had a response within 18 hours, I did not receive the email. Be sure to use your CU email address because sometimes Gmail and yahoo email accounts are filtered into my spam folder.

Additional ways to contact Dr. Avila:

- x Online Office Hours: Tuesdays and Thursdays 9am-10:30 am using Zoom or by appointment (

TUTORING

The Economics Department provides a free drop

5. Treat people the same as you would face. In other words, it is easy to hide behind the computer. In some cases it empowers people to treat others in ways they would not in person. Remember there is a person behind the name on your screen. Treat all with dignity and respect and you can expect that in return.
6. Respect the time of others. This class is going to require you to work in groups. Learn to respect the time of others in your group and your experience will be much better. Always remember that you are not the only person with a busy schedule, be flexible. Do not procrastinate! You may be one that works best with the pressures of the deadline looming on you, but others may not be that way. The same is true for the reverse. The key to a successful group is organization, communication and a willingness to do what it takes to get it done.

TECHNOLOGY REQUIREMENTS AND SUPPORT

What are the basic computer specifications for Canvas?

- x Visit the official [Canvas Computer Specifications Page](#) for the latest list of recommended system requirements.

Which browsers does Canvas support?

- x Visit the [Supported Browsers Page](#) for the detailed list of internet browsers in Windows, MacOS, iOS and Android.

Skill Requirements

- x Students also need to possess basic computer skills, such as:
 - o How to use a web browser and word processor
 - o How to send and receive email
 - o How to locate a file and attach it to an email or upload a file into a course
 - o How to copy and paste
 - o Must know basic typing skills and keyboard commands
 - o Must know basic computer terminology

TECHNICAL SUPPORT

- x Canvas technical support: if you are experiencing issues with Canvas please contact:
 - o CU Boulder's Help desk at 303-435-4357 (5HELP) or help@colorado.edu 5-Help will answer your call: Monday through Friday from 7:30 a.m. to 7:00 p.m., Saturday and Sunday from noon to 6:00 p.m., Closed during [University Holidays](#)
 - o Within the Canvas App, you can search the Canvas support guides, Report a Problem or chat with Canvas Support 24 hours a day, 7 days a week.
- x MyLabtech support:
 - o https://help.pearsoncmg.com/ccng/ccng_instr/ccng_xmel_instr_help_support/bridge.html or <https://support.pearson.com/getsupport/s/>

addresses these concerns, and individuals who believe they have been subjected to misconduct can contact OIEC at 303-492-2127 or email cureport@colorado.edu. Information about university policies, [reporting options](#) and support resources can be found on [the OIEC website](#)

Please know that faculty and graduate instructors have a responsibility to inform OIEC when they are made aware of any issues related to these policies regardless of when or where they occurred to ensure that individuals impacted receive information about their rights, support resources, and resolution options. To learn more about reporting and support options for a variety of concerns, visit [v \[š / P v } Œ](#) [lt.](#)

RELIGIOUS HOLIDAYS

Campus policy regarding religious observances requires that faculty make every effort to deal reasonably and fairly with all students who, because of religious obligations, have conflicts with scheduled exams, assignments or required attendance. See the [campus policy regarding religious observance](#) for full details. Because of the flexibility of timing of completion of assignments in this class, you must contact the instructor in at least two weeks in advance if you anticipate a religious holiday may impact your completion of coursework.

For more information on the religious holidays most commonly observed by CU Boulder students consult the [online interfaith calendar](#)

STUDENT PRONOUNS

CU Boulder recognizes that students' legal information doesn't always align with how they identify. Students may update their preferred names and pronouns via the student portal; those preferred names and pronouns are listed on instructors' class rosters. In the absence of such updates, the name that appears on the class roster is the student's legal name.

REQUIREMENTS FOR COVID

As a matter of public health and safety, all members of the CU Boulder community and all visitors to campus must follow university, department and building requirements and public health orders in place to reduce the risk of spreading infectious disease. CU Boulder currently requires COVID vaccination and boosters for all faculty, staff and students. Students, faculty and staff must upload proof of vaccination and boosters or file for an exemption based on medical, ethical or moral grounds through the MyCUHealth portal.

The CU Boulder campus is currently mask optional. However, if public health conditions change and masks are again required in classrooms, students who do not adhere to masking requirements will be asked to leave class, and students who do not leave class when asked or who refuse to comply with these requirements will be referred to Student Conduct and Conflict Resolution. For more information, see the [policy on classroom behavior](#) and the [Student Code of Conduct](#). If you require accommodation because a disability prevents you from fulfilling these safety measures, please follow the steps in the
